AB PHILEA

Svartensgatan 6, 116 20 Stockholm, Sweden

Tel. 08-640 09 78 E-mail: bids@philea.se www.philea.se

Preface

Once again, we can offer a truly remarkable section with Swedish postal history, incl. the last part of the fantastic gold medal exhibit of printed matter mail formed by Klaus Michtner, as well as the very comprehensive collection of military mail formed by Harry Hohndorf which includes many interesting and scarce/unique items.

The foreign section is also strong with many better singles and collections+accumulations from various areas, including the rest of Scandinavia and, indeed, China.

Part of the auction is from a large estate from the landscape of Dalarna, originally housed in more than 100 removal boxes! This will be sold at this as well as in one or two forthcoming auctions. Finally there is an interesting section sports memorabilia including e.g items allegedly owned by the famous Swedish athletes Björn Borg and Ingemar Stenmark.

We have endeavoured to make this an auction with very good content and at the same time limiting the number of lots offered. This is our second live stamp auction where you can bid online at the same time as the auction is conducted in our auction room. More information about this, and "covid-19 matters", can be found on the next page.

Peter Johansen and Christer Svensson, with staff.

Auction 385 is a live auction, please also note covid-19 restrictions

You can take part in the auction either personally in the auction room or live (in real time) on the internet (you have to be logged in) just as if you were present in the room. We recommend the latter since there is a limit of about 15 people that can be in the auction room at the same time due to the covid-19 situation. Also note that the auction will take longer than normal because of both room and online bidding.

As usual, you may place absentee bids beforehand either online or by other means of communication. We also accept telephone bidding if you are willing to bid at least SEK 2000 on a lot.

Please note that you should book your seat in the auction room beforehand and the same applies for visiting the viewing. If you come to the auction without prior booking we may have to deny entry if the room is full.

As before, the health recommendations regarding covid-19 applies to your visit to the viewing and the auctions (wash hands, stay at home if you are sick etc).

For the future, our intentions are to conduct only the two “quality” stamp and ditto coin auctions live with a simultaneous auction room AND a printed catalogue. The other International auctions will be online live only, with no printed catalogues (customers can upon request receive a simpler printed PDF version).

Sammanfattning på svenska

Denna auktion hålls samtidigt i sal och live på nätet. P.g.a. covid-19 är antalet sittplatser i salen begränsat till ca 15 och vi rekommenderar att ni bjuder live. Det går givetvis bra att lämna förhandsbud (som vanligt) och telefonbud kan också accepteras under förutsättning att ni är beredda att bjuda minst SEK 2000 för ett objekt.

Ni måste föranmäla er om ni vill besöka auktionen eller visningen. Ej föranmälda besökare tas endast emot i mån av plats. De normala hälsorekommendationerna (tvätta händer, besök oss inte om ni är sjuk etc) gäller.

Framöver avser vi att endast ha auktionssal (tillsammans med livebudgivning online) och tryckta kataloger i samband med kvalitetsauktionerna för mynt och frimärken. Övriga internationella auktioner kommer bara vara online utan tryckt katalog; de som vill får en enklare PDF version tillsänd.

VITA DKFM KLAUS MICHTNER

”Born and raised in Vienna in 1938, I started very early collecting stamps on a very poor level – money at these postwar times was very rare. But after finishing my diploma in economics at the Vienna University of Economics in 1962 I entered directly into the family firm as an optics wholesaler. Now my interests turned to Scandinavian and especially to Swedish philately with a solid anchor in Swedish letters abroad. I was an enthusiastic buyer at auction houses and many covers from the legendary collection of Lauson H. Stone came into my possession.

In 1999 I sold my company and shortly afterwards I auctioned my foreign Swedish letters in Denmark under the name ‘Vienna’. Out of a feeling I kept all the rare printed matter – the basis of the coming efforts in gathering the most important accumulation of Swedish printed matter mail, domestic and foreign. Even in the unknown Skilling Banco section I found some examples e.g. a stampless domestic sample of no value 1857 and a printed matter Stockholm–Portugal 1857.

At MALMEX 2018 in Malmö my exhibit was awarded a Gold medal.

After at least 25 years of collecting, due to my age, all the rare items are coming back to the market, and I can instead concentrate on my last great exhibit Austria/Hungary to/from Sweden/Norway, 1682–1918.

All the best to Swedish Philately – it has been and still is a great time for me.”

The Harry Hohndorf

Collection of Military Postal Stationery and Postal History

Thursday 27 May 2021 2:00 pm /

Torsdag 27 maj 2021 kl 14:00

Harry Hohndorf started collecting stamps early, and so successfully that he, after selling the collection, could afford purchasing one of the few private cars available on the Swedish market after the second world war.

A Ford Anglia, the apple of his eye, which after a minor collision could still be sold at a good price.

His collecting took off again in 1960 when a friend of the family handed over two bags with Swedish military mail with reply stamps to him. This became the foundation of the current impressive collection, which over the years grew to include Swedish military postal stationery, Swedish military mail 1805–1814, the Boer war, the Åland detachments 1918 & 1919, United Nations military mail, fieldpost, postal history and military mail literature. As Harry had a strong interest in history it became natural to also include supplemental material in addition to the covers themselves, to enrich and illustrate the history in several ways, and to be able to place an item in its proper historical context.

In our opinion, he became, the specialist with a capital 'S' and the expert with a capital 'E' on postal stationery military mail already during the 1980s, but over time also on areas related to military service abroad. Harry did of course contribute with his knowledge to the SFF and Facit catalogues. In SMPS 'Militärpostal tidskrift' (MPT) he has written more than 40 articles about our military postal stationeries, but also several about other areas. The foremost of the published articles, and still current on the whole, are 'Ålandsdetachmentets post och postanstalten Stockholm 30 krigsåret 1918' (the Åland detachment's mail and the post office Stockholm 30 during the war year 1918 in *Postryttaren* 1994 and 'Åländska demoleringsdetachmentets post 1919' (the Åland demolition detachment's mail 1919) in *Postryttaren* 1996. The still current handbook 'Svensk Frimärks Fakta 15:1 – Militärbrev med Svarsmärke' is largely based on Harry's knowledge and materials (fore example the proofs for many of the types and all the varieties, etc.) and may well be considered the "crown" of these stationery collections.

Most of the material now to be sold is mounted on album leaves, usually with associated facts and history – a veritable well of knowledge to tap from. All collectors of military mail and other people interested in history can now rejoice that Harry has decided to hand over this fantastic material, documentation and library to the next generation of collectors through AB Philea.

This is the true opportunity of a lifetime, with all that it entails.

1661Kv		R.O.C. The SINO-SWEDISH EXPEDITION 1928–35. A most interesting and spectacular letter ever of Hedin's correspondence is a registered letter from Sven Hedin himself sent 1933 to Sweden franked 10+15+40 cents = 65 cents. It was onforwarded with a Swedish reg. label as the receiver, Hedin's colleague Dr Arne, had left for Persia as a member of the Swedish Archeological Mission to Shah Tepe in northern Persia but had not yet arrived to his destination Asterabad in Gorgan province when the onforwarded letter arrived. So the letter was again onforwarded and now returned to Hedin in Beijing! An cds on the back on blue states that "Le Destinataire n'est pas encore venue a Gorgan". A large number of cds and transit marks and other marks are found on both sides of the cover. Note the great discrepancies of dates due to Persia as well as China having their own calendar systems which did not correspond with the Western calendar, nor with each other! Also note at top left remnants of a label that was a Chinese label to show it was registered. It was taken away later. A most remarkable postal historic letter steeped in the Chinese scientific development. 1735Av	Hungary Very attractive collection with well over 1000 stamps, evident from the first page onwards that hits you with excellent quality beginning with 2 of each of the scarce lithograph printing, all individual items in their own right and three of each of the engraved printings, again superb. This page alone cats well in excess of 3000 euro. The next page has further issues of the Franz Josef types inc some mint such as the engraved 2k, 5k and 10k and a further two dozen used, including better lithograph with varieties written up accordingly. Further 19th century including extensive studies of the crown issues again with some beautiful examples here with cds and considerable specialization well beyond the remit of most catalogues, page after of perforation studies with much unlisted ending with imperforates again with all kinds of specialisations/unlisted. The 19th century continues with the St Stephens here and is a delight to view, especially in this outstanding condition. There are also considerable watermark studies as well, again with 100s of stamps, such is the depth of scholarship here. There is a little early 20th century, pleasant enough with complete sets, mint and used of the 1900 through 1916 Hungarian crown issues inc tabs, however overall it is the 19th century that makes this one of the very best Hungarian collections we have had the pleasure to offer. Offered intact as received. As soon as you view this collection, you will want to buy it, it is that good!	Mostly ☉	20.000:-

1790De		U.S.A. Accumulation classics–2000s The three nice Leuchtturm albums with stamp mounts and cassettes, three visir albums and four stockbooks. Some early used is present in the first Leuchtturm album incl some better but main value overall on all the xx, including some better from the 1930's onwards. Face value alone in the order of USD 2000. E.g. many full sheets etc. Favourable reserve! Fine quality	Mostly ★★	4.000:-
1791A		Ukraine A very good oldtime collection formed many decades ago, all one of a kind, mint and used with about a few 100 stamps inc some vey scarce items, many signatures. This in depth encompassing Tskerizigow, Kharkov, Odessa, Poltava, Kiev, etc. While still many space to fill, it will be very difficult to replace a collection such as this today. A recommended viewing.	★/⊙	3.000:-
1792A		Vietnam Mixed Several 100s perhaps 1000s of stamps loaded in one thick volume inc interesting Vietcong, as well as interesting South Vietnam through to eventual unification, as well as a section on early French Indochina at the back. Plenty of good sets here from the 1950s, also material unlisted or at least not in the main catalogues of Vietnam. There is some minor duplication yet nothing in excess quantities, ideal for a dealer to replenish stocks.	★★★/★/⊙	2.000:-
1793A		Yugoslavia 1918–79. Very well filled collection, housed in a Schaubek album, beginning with the transition sets 1918 and virtually all the Bosnia issues overprinted. On to the Croatia issues with the SHS o/ps inc errors, again virtually complete through to the 1919 breaking chains and hardly empty spaces thereafter often with parallel mint and used one under the over. The same goes for post WW2 with 100s of sets, ending with good back of the book, miniature sheets, Slovenia overprints, an interesting page of propaganda, rejected designs or revenues for the specialist to investigate. Most worthwhile collection needing not that much for completion, as well as material outside of the box.	★/⊙	3.000:-
1794A		Yugoslavia Collection/accumulation 1918–87 in two large stockbooks. Many different and some duplication, and with several better. Please see a selection of scans at www.philea.se . Mostly good quality €8000 due to vendor (over 2800)	★★★/★/⊙	3.000:-

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 25 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive pro forma invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 % och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommit innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
