## Preface

At this auction we have a nice section Sweden, the highlight being The Michtner Collection of classic Sweden and rare watermarks. Also many nice collections are offered. The foreign section is also strong with many singles and collections. The end of the auction offers a very interesting cinderella section as The Per Sundberg Collection of Swedish revenue stamps and stamped paper collection is up for sale.

We have endeavoured to make this an auction with very good content and at the same time limiting the number of lots offered.

More and more clients are getting used to bidding online and therefore we do not offer floor bidding at this sale. For clients who are uncomfortable with live bidding on the website we recommend that you bid beforehand alternatively we assist with telephone bidding subject to staff availability.

Peter Johansen and Christer Svensson, with staff.

# The Michtner Collection of classic Sweden and rare watermarks

**1938 DKFM. Klaus Michtner 2021**

Born and raised in Vienna, Klaus Michtner started collecting stamps very early despite modest means. After taking his diploma at the Vienna University of Economics in 1962 Klaus entered directly into the family firm as an optics wholesaler. Except for Austrian philately, Klaus' interests now turned to Scandinavian and especially Swedish philately. Klaus was an enthusiastic buyer at auctions and his favourite sales were the two legendary auctions of Lauson H. Stone held by Göta Frimärken in Gothenburg in 1990, when he had the opportunity to buy many of the offered items for his collection.

After having sold his company in 1999 Klaus also began to sell off Swedish letters sent to foreign countries at four special auctions at Høiland 2000–2002 under the name 'Vienna Collection', and later at other auction houses. However, he kept all the rare printed matter mail and also all letters sent to Austria. Klaus' interest for Swedish philately and postal history continued and over the years he covered almost every aspect of the classic period at some time. He became quickly self-taught regarding postal routes, accountancy notes, and other in-depth aspects of postal history. Some of his knowledge has been shared with other collectors e.g. through articles in 'Aktuellt om Posthistoria' No. 12 (2014) and No. 13 (2016) published by SSPD. Further, Klaus held occasional presentations, e.g. at Vindobona in May 2019. Klaus also presented some of his collections as exhibits, i.e. 'Swedish Printed Matters 1855–1921' which was awarded Gold and a special prize for the material at Baltex 2014 and Gold at Malmex 2018; 'Foreign Cancellations on Mail from Baltic and North Sea Countries' which was awarded Vermeil at Nordia 2015; and 'Austria-Hungary – Sweden-Norway The Mail Traffic 1682–1918' which was awarded Large Vermeil at Stockholmia 2019.

Due to age Klaus continued to sell his collections; at Philea he sold much of the Swedish material, e.g.: foreign-related prephilately (2012), incorrectly franked letters (2013), early letters sent to Italy (2014), Circle type posthorn and postal history (2014–2015), shipmail (2015), transit mail Gothenburg-Hull and the rare colour-proof of 5 öre Oscar in brown colour (2017), foreign postmarks (2017–2018) and important printed matter mail (2020–2021). In conjunction with the sale, the complete 'Swedish Printed Matters 1855–1921' exhibit was published as a book, still available at Philea for purchase.

On October 24th 2021 Klaus sadly passed away and now the time has come for the sale of his remaining material. On this first sale selected Swedish stamps and especially rare watermarks are offered – many items have not been on the market for decades. As part of a cooperation, [www.merkurphila.at](http://www.merkurphila.at) will sell the highly specialised collection of mail traffic between Austria and Sweden (both directions) in the beginning of 2023. The whole collection is presented as free PDF at the homepage of the Viennese stamp club of Klaus Michtner, Vindobona: [https://www.vindobona.club/wp-content/uploads/2022/10/sammlung\\_michtner.pdf](https://www.vindobona.club/wp-content/uploads/2022/10/sammlung_michtner.pdf)

We choose to recall Klaus' own closing words at the last sale with us:

*'All the best to Swedish Philately – it has been and still is a great time for me'*

<b>2417A</b>	Cinderella. An extraordinary range of material, virtually all pictorials mint with occasional duplication up to 4-5 of each, virtually every color permutation imaginable. The 19th century is seldom seen and here we have the gold, silver, bronze, platinum, occasional bi-colour or even tri-colour and the spectrum. Material seen includes 1893 Rochefort sur Mer, exposition of 1897 Bruxelles, further Exposition of Italian origin, the Austro-Hungarian Exposition of 1896, similarly for Dresden, the 300th anniversary of van Dyck 1899, various allegories of the 1890s etc. Also some good turn of the century noticed, i.e. 4x exhibitions in Milan, Trieste, the double embossed Gand, as well as embossed 1906 Mercury from Munich, etc. Even some non-denominated locals as well which could be good, probably originating in central Europe for postal purposes. All in all, there are over 1000 examples here and because it is overwhelmingly 19th century would be very difficult to replace today. This is an excellent opportunity for those recognizing th scarcity of these beautiful 19th century printings. .		2.500:-

# The Per Sundberg Collection of Swedish revenues and stamped paper

## Philea säljer Per Sundbergs samling av 1811 års stämpelmärken

Jag har samlat på klassiska stämpelmärken 1811-1880 från Sverige under större delen av mitt liv. Under de senaste 20 åren har jag haft en livlig kontakt med Per Sundberg. Vi har inventerat olika arkiv och forskat i detaljfrågor. Arbetet ledde till att vi 2008 genom Sveriges Filatelistförbund kunde ge ut en bok, en fullständig katalogisering av de 9 olika utgåvor som fanns under den klassiska perioden.

Från 2008 har vi förkovrat oss vidare. Via kontakter med en stor mängd andra samlare runt om i världen har vi kunnat sammanställa en omfattande dokumentation av förekomsten av olika objekt. Därför kan jag säkert säga att det bara finns tre samlingar av 1811-1844 års stämpelmärken (Charta Sigillata) som är kompletta, det vill säga som omfattar alla 98 olika kända kombinationer av valör och namnstämpel. Per Sundberg har en av dem.

Per har nu beslutat att sälja sin samling för att kunna ägna sig åt andra saker. Det är tråkigt, men kanske naturligt när man inte kommer längre i sitt samlan-

de. Per har ju många andra intressen.

Samlingen kommer att säljas på Phileas kvalitetsauktion i slutet av november 2022. Samlingen av 1811 års beläggningsstämplat/stämpelmärken omfattar som sagt alla 98 olika kända kombinationer

ter, många av dem har aldrig tidigare visats. Där kan nämnas 9 olika 6-strip, dvs helark med 6 märken, där vart och ett av dessa helark är unika. Det finns vattenmärken i omvänd och spegelvänd position och många fina dokument med 1811 års stämpelmärken fastsatta. Detta gör Pers samling till den mest omfattande i världen.

Man kan tycka att det är ett kulturhistoriskt helgerån att splittra en sådan här stor samling av klassiska svenska stämpelmärken. Till Pers försvar i den frågan ska sägas att han har ställt ihop Sven Svenssons samling som förvaltas av Kungliga Myntkabinettet (Sveriges ekonomiska museum) på Tumba Bruksmuseum. Den samlingen, efter donationer från Per själv och från Riksarkivet som Per har lyckats ordna, är en av de tre största samlingarna i världen av svenska beläggningsstämplat. Så Per har gjort sitt kulturhistoriska avtryck.

Jag tycker naturligtvis att det är tråkigt att Per slutar samla på svenska beläggningsstämplat från den klassiska tiden, men jag förstår och vår kontakt kommer att hålla i sig många år.

För de som samlar på svenska beläggningsstämplat, och då speciellt på 1811 års märken, är Phileas kvalitetsauktion ett gyllene, kanske unikt tillfälle att utöka sin samling. En mot-

svarande möjlighet kommer inte att dyka upp på många, många år, kanske aldrig mer.

I två helt nya specialnummer av Nordisk Filateli dokumenteras Per Sundbergs unika forskning. Läs mer på sidorna 10-11 om dessa specialnummer. ■

*Det var sent en kväll, jag hade jobbat hela dagen. Då ringde telefonen och en prenumerant frågade: – Får man ta tidningsprenumerationen med sig till himmelen? Han "älskar" tidningen så han och längtar till varje kväll han får sätta sig ned och läsa den. Han ville helt enkelt teckna livstidsprenumeration för detta och nästa liv berättade han.*

## Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 25 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive pro forma invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

## Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avgas i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris, även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall porto- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskottsfaktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 % och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommit innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
