Preface

Welcome to our September sale of 2024!

This auction offers a wide selection of Swedish coinage from medieval to modern times with an exquisite section of Oscar II silver coinage and overall a wide range of Bernadotte era coinage in high grades including scarce dates and varieties.

In the ancient section we note a range of Roman Republic denarii as well as a range of other Greek and Roman issues. We are delighted to present the fourth part of a collection of Chinese cash coinage, as well as cash coinage from other properties. Furthermore there are several very scarce Chinese silver coins from an old Scandinavian collection and other properties, which showcase an overall high condition of types seldom seen. We note a range of Tibet items and a few scarce Nepalese coins including a 1½ mohar 1805 as well as two high grade 4 mohars. A wide selection of Russian roubles are on offer together with several high grade 19th century items.

As usual we offer live online bidding for the duration of the auction, as well as participation in the auction room in Stockholm. Phone bidding can be arranged for important lots, at our discretion.

We look forward to your participation, in the room in Stockholm or from afar!

628

- 628 Hild. 445:120 43.88 g. Copper medal 1693 by Arvid Karlsteen. A charming allegorical medal, produced upon the centenary of the Uppsala Synod of 1593, by which Duke Carl of Sweden (the future Carl IX) established the kingdom's formal confession of its Lutheran faith. Illustrating a ship sailing on stormy seas, the imagery is evocative of Sweden's complicated history with the Roman Catholic Church, from which it had broken away in the 1520s amidst the Protestant Reformation, though it took over 70 years for the monarchy to formally proclaim its adherence to Lutheranism. 01 3 000

983 **KM 510.5** Szechuan-Shensi Soviet Republic 200 cash 1933 (?). 18.80 g. Rim damage at date on obverse. Interesting example where the date "19" is clearly visible, the last digit appears to be a 5 in chinese characters in certain angles, but could also be a 3. The obverse at left shows three horizontal lines as opposed to CL-SWA.11 (1933 date) showing four horizontal lines. The reverse shows "CC*C" with a star in the design which is also unlike CL-SWA.11-13. Potentially the star is a countermark added later and thus causing the rim issue. Moreover the hammer has a wide and textured shaft which is not present on either of the illustrated example in CL or Duan references. A similar example was sold in SBP September 2021 lot number 21570. A very interesting study piece for the specialist

ÄNTLIGEN – EFTER 150-ÅRS VÄNTAN!

Det första verket över Sveriges kungliga medaljer författades av Bror Emil Hildebrand och utkom i två volymer 1874 och 1875. Nu, för första gången någonsin finns en uppföljare, uppställd efter Hildebrand, men kraftigt utvidgad med många nya tillägg. Precis som Hildebrand i två volymer (totalt ca. 1600 sidor). Flera helt nya register har introducerats; register över samtliga förekommande gravörer, register över omskrifter med översättningar av latinet, register över grafiska element och ligaturer. Fullt illustrerad i färg, med många detaljförstoringer. För första gången presenteras även en sammanhållen beskrivning av medaljernas sällsynthet, vilket ackompanjeras av tentativa värderingspriser och raritetsbeteckningar. En egen löpnumrering har införts där givetvis konkordans till Hildebrand och andra specialverk inom medaljområdet ges.

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 21 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone or telegraph.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures.

Foreign customers will receive pro forma invoices.

Lots are sold "as is" except where other remarks concerning their state have been made in the catalogue. This means, among other things, that defects not visible in photographs or deviations from descriptions of state of individual articles are not regarded as defects. Information regarding grades are our opinion only, and are therefore not grounds for complaints or returns. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and and is subject to Swedish law.

Auktionsvillkor

Auktionen är frivillig och sker för inlämnares räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avgas i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 21 % på klubbat auktionspris, även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall porto- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefon- och telegrambud är budgivaren ansvarig för ev. fel och missuppfattningar.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad.

Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras beskaffenhet har gjorts i katalogen. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från beskrivning av enstaka objekt. Uppgifter om kvalitetsbeteckningar är endast vår uppfattning, och utger i sig ej underlag för reklamation. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objektet eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 21 % och ev. porto.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.
