Worldwide collections / *Hela Världen-samlingar*

- 2506L** One mans lifetime collection housed in over 40 albums, mint and used, most countries in the world here represented from Aden through to Zanzibar, much is in complete sets especially in the latter part of the 20th century, but also a good range of QV 19th century through to 1945. We found an average of 2500 stamps per album of which, each had several dozen pages from (60 min to 90 max), little duplication, the overwhelming majority being one of a kind. There must be 100,000 stamps, all completely uncatalogued and while we did not see any rarities, there are many 1000s of stamps here cataloguing between €1 to €20 each. We guesstimate the catalogue must be in the order of €200,000. If you are looking for a well rounded foundational worldwide collection, including some 19th/early 20th century then look no further, as this is absolutely fit for purpose. The British Commonwealth would be the strongest, followed by Western Europe particularly former European Colonies. . ★★/★/☉ 15 000
- 2507A** Topicals, mint miniature sheets and sets, 2000 to 2018. An extremely diverse range housed in 3 well filled volumes with very colourful new issues up to the year 2018 with hardly anything, if anything before 2000, a few miniature sheets, some of which will sell around \$10+ each. Virtually all the sets are from countries, such as Estonia, Japan, Thailand, Great Britain, France Luxembourg (euro), Ukraine, Zambia, etc. However these are a small part of the value compared to the miniature sheets from Liberia, Malaysia, Mozambique, Rwanda, Maldives, Niger, Poland, Sierra Leone, St Vincent, Zambia to name a few, etc of various shapes and sizes, as well as gold and silver, metallic and every colour of the rainbow! Many different themes, for examples cars, wildlife, Olympics, space, royalty, military particularly WW2, horses, chess, science, soccer, table tennis, etc, etc. Some of the printing numbers are very small indeed, occasional printings numbers in the low 1000s or even less, as identified. A remarkable range with a new issue cost many multiples of our estimate and represents a tremendous retail opportunity. Ideal for a dealer or thematic collector not looking for duplication. ★★ 10 000
- 2508L** One man's lifetime collection, housed in 10 well filled albums, mint and used with plenty of sets, as well as high values, completely uncatalogued and very substantial. The 1st volume Afghanistan through to BAT, the 2nd album is Brazil imperf eyes through to Costa Rica, the best section probably being China from coiling dragon through to large Mao, as well as further better sets from the 1950s leading on Taiwan with se-tenant strips etc, the 3rd album is Cuba through Ethiopia with the best being Cyprus. The 4th album is Faroes through to IOM with loads of face value mint sets, as well as eurozone mint France, the 5th album is from Greece through to Italy, again plenty of mint sets as well as various ranges of 19th and early 20th century. Time does not permit further outline other than the pattern continues for the other 5 albums, i.e. the 6th with Japan through to Mongolia, the 7th Montserrat to Poland, the 8th Portugal through to SWA, the 9th Spain through to United Arab Emirates and finally the 10th album USA through to Zimbabwe. This collection will probably catalogue in the order €100,000+ the value is obvious throughout. A highly recommended viewing. . Mostly ☉ 10 000

Lifetime collection housed in 2 large volumes, representing material for example from Buckingham Palace KGV, Sandringham, St James Palaces, very scarce 'Master of the Horse', privy purse, court of the Lord Lyon Edinburgh, both Balmoral and Windsor castles and much more. On the political front, a very scarce blue Victoria rose and thistle double oval department of Science and Art 1872, as well as 10 Downing Street, Lord Chamberlains office, various secretary of states office, air ministry, ministry of Defence, impressive looking SECRET postmarks, British Embassy strikes and much more. There is also a family correspondence, Lord (ex-squadron leader) Horsley and the collection would be extremely difficult to assemble again. This collector paid up to £40 each for some of these covers at the time and many between £10 to £20 each - most of this was bought over 3 decades in the UK. Better areas noticed inc FPOs, combo KGV/KGVI refugee covers and much more. | 2645Av | Specifically Fiume and Trieste, one man's life time collection of back of the book. Several 100s of stamps, housed in one thick album very well presented, written up, all one of a kind with much identified by Barefoot. Beginning with Fiume from the Croatian Occupation through to the Italian printings, then the 'Marco da Bollo' o/ps to further Fiume o/ps with different stars and watermarks, overprint errors, as well as other unlisted. Virtually every issue seen for any purpose for Fiume such as stock transfers, passports, municipals, even Istria, Kupa-Sudsk onto WW2 types, very seldom seen. Similarly with the Partisan Government issues of Susak and equally scarce Kupa issues inc multiple pairs particularly for excise duty. Then the 'Diritti D'Urgenza' Venezia Guila, on to the free territory of Trieste with inter-panneau pairs through to AMGs, again very well represented, seemingly complete. Also noted Bills of Exchange, cigarette papers, stock transfers se-tenants, security papers in pristine condition, further se-tenants including large pictorials through to Romulus types and on to yet further errors and varieties, nearly all of it MNH, followed by 'weights and measures' with dramatic horizontally misplaced o/ps with the distinct probability of unique items present. So much here to research than this outline description. This collection is important, some material is quite exceptional. A most enjoyable viewing awaits the collector or dealer looking for the different and very scarce, offered intact as received. | ★★★/★/☉ | 30 000 |

| 2655A | Japan Occupation of Malaya Extraordinary collection of these ever popular area for the occupation years 1942-45 with 100s of stamps housed in one volume. One of the highlights is an imperf pair of the 1943 ploughman 8 and 15cts, hardly ever seen. Other areas include KGVI o/ps on Straits Settlements including Penang inverted, etc. Please note, as is standard with Japanese Occupation, the mint will have uniform tropicalisation on reverse, however this collection has hardly any toning on the front of the stamps. The next section consists of Trengannu with various different coloured chops, black, green or red, as well as the roman alphabet 'Dai Nippon'. Then Negri Sembilan with values to \$1 used, again noting that much of the used is on piece and includes multiples. Then follows a further good range of Penang, straight-line chops, as well as horizontal pairs, all unchecked for varieties and different settings. This pattern continues with Selangor to high values, Johore and Malayan Union postage dues, etc. While much has been identified with SG numbers, there is occasionally unlisted for the specialist to research. So much more here than this outline description. If you are looking for a very good range with a huge upside, this will be for you. 2682A **Saudi Arabia Collection 1916-1934 in album. Remarkable collection from the first Hejaz issues, unframed Hashimite o/ps, zig zags through to the framed issues inc errors, similarly 1922 types, ending with the postage dues inc inv o/p, etc. This sections ends with 1922/1923 with handstamp o/ps and not forgetting the gold o/ps of 1924, again extensive and interesting. Then follows the Jeddah 2 line o/ps, further zig zags on to further postage dues and the 3 line red o/p types, inc inverted as well as normal, the black o/ps, also present to high values. Similarly so with the blue ops to 10Pi and yet again the 3rd prov and the rectangular control issues with dozens here, looking very impressive. The next section just as good with Nejd, namely the occupation stamps of Hejaz, not just the regular defin o/ps but also the fiscals ad bill stamps, the good railway tax stamps, etc. Finally Ottoman overprint issues Mustahiq black and commemorative handstamp railway issues to 1000PI o/ps, on to 1926 blocks of 4, pans-Islamic conference 1927 types and the Annexation issue again complete on to British Mandate Terriorty, etc, etc. A wonderful collection, much more than this outline description, with many hardly ever seen issues and much unlisted that will delight the specialist. 2683A **Saudi Arabia Collection 1867–1921 in album. Extraordinary would be an understatement of this collection, beginning with the 1867 interpostals Gedda, types A and B for both dies, two of the scarcest of the interpostal issues, followed by 1885 used in Jeddah with GB embossed coat of arms and probably unique strips of 4 of the 1 shilling embossed. Also noted the 6d o/p, as well as the 2/6d yet again including some handwritten date stamps from De la Rue, virtually all in good condition. The collection ends with 'flat rate' currency stamps in different shades, perf 11 1/2 typograph 1920/21. Much is written up, yet still more research needed, many hundreds of stamps, a wonderful recommended collection, very difficult to find again. Fine quality (230)** ⊙ 20 000

2684Lv **Saudi Arabia Accumulation 1916–1980s in removal box. An extraordinary lot that we have not had time to process, representing material the vendor never incorporated into his main collection. For example, there are several 100s of cards housed in two boxes, the first dealing the early issues up to the 1940s with 1000s of stamps to investigate and the second box with a particularly good range of the different cartouches for the various airmails, oilwells, etc and lots of commem. sets, mint and used, be it all chaotically presented. More material is housed in four albums, the first representing the used part of this gentleman's collection – the mint being offered as a separate lot in this sale. Another representing the Mecca hospital stamps and further overprints of the time, the third representing postmarks often in multiple format on piece, the last album that was specifically for material waiting to be classified or could not be found in the catalogues especially between 1916 and 1930s. This balance holding could break up into dozens of good lots, if only time permitted. A much recommended viewing, so much here to value. Mostly fine quality (1000s)** ★★/★/⊙ 20 000

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

A buyer's premium of 25% is added to the hammer price for both domestic and foreign customers (at the pure coin auctions the buyer's premium is 21%). A lot charge of SEK 20 per bought lot is added to the total buyer's premium. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for shipping and insurance are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against an advance invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2% of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive advance invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot, incl. the buyer's premium and lot charge, will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved. Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avges i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris (förutom på de rena myntauktionerna där köparprovisionen är 21 %). En slagavgift på 20 kr per köpt objekt läggs till köparprovisionen. Allt detta gäller även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall frakt- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skäligen tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objektet eller haft möjlighet att göra detta genom avisering om objektets översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 %, objektavgift och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommit innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor. Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
