### Lot 2339Av

**PRIVATE TREATY – COLLECTION 1840–1930s SOLD FOR SEK 350 000 (INCLUDING COMMISSION) ON A FIRST-COME-FIRST SERVED BASIS. See other terms below.**

The lot is presented during the auction in the normal order for the lot (for marketing purposes) but any bids at the auction will be disregarded as it is not sold as an auction lot. The heritage of lifelong collecting from three previous owners. The twelve thick Shaubek albums are filled with nice items from 1840 to 1930 and some areas to 1940. Sweden includes an unrepaired 3 sk bco and is complete in this album except for Värnamo 55 and 80 öre. Other Nordic countries are very well filled missing only the most expensive stamps. Europe is well filled with many better stamps especially France is comprehensive. Good section of USA and Canada, some nice China and Japan. French and Portuguese colonies are well represented, British colonies a bit less. South America is extensive with plenty of extra material and scarcer stamps.

The albums are fresh in general except for some small notes, one album have the spine repaired. Quality is mixed with some faults noted, mostly fine or better. This is a solid collection with great potential for expansion. More than 50000 stamps, all countries are apparently represented. Mostly fine quality. Approx. 25 kg. Please see a selection of scans at [www.philea.se](http://www.philea.se).

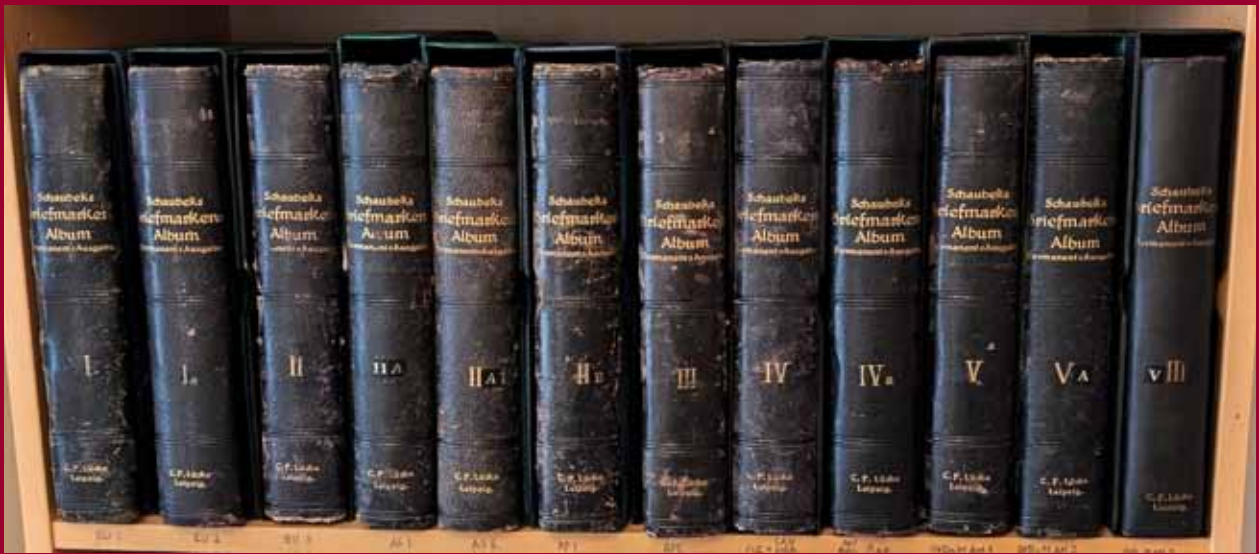

#### Special Terms:

1. The owner wants the collection to be bought by somebody that will keep the collection either intact or will continue to collect in it, not break it down and/or sell all or parts of it. Therefore a penalty of SEK 100 000 will have to be paid by the buyer to the owner if this happens within seven years of the buying date.
2. A purchase agreement (document) between the owner, AB Philea and the buyer will be set up at the time of purchase that will include the term (1). The collection has to be paid for in full before or at the same time as it is handed over to the buyer.
3. The collection is viewable only in the owners home, slightly North of central Stockholm.
4. Prospective buyers should inform AB Philea of their interest to view the collection by the auction day of this auction, i.e. December 11th. Actual viewing can take place at a later, agreed time.
5. AB Philea will inform the owner of prospective buyers and together they will decide who will be admitted for viewing and in what order.
6. As a consequence of (5). AB Philea (and indirectly the owner) reserves the right to deny viewing – or in case of admitting viewing decide the viewing order between prospective buyers – without having to give any reasons or arguments about the decision.

2388L	<b>If quality is the hallmark of your collecting penny reds, then this outstanding accumulation, housed in 5 volumes is absolutely recommended. Primarily but by no means exclusively, penny red stars - and there must be about 1000 per book, in the order of 5000 stamps. It is interesting apart from the tip-top quality to consider the methodology of this collector, apart from the quality he sought. From what we can see, it is postmarks, rather than sheet reconstructions - however the expert in this field will no doubt see other different dimensions as well. Such a good old fashioned holding of the line engraved issues is seldom available today, it is offered intact, as received. The catalogue must be in the order £100,000, an average of £20 per stamp, substantially more however for the stars.</b>	☉	50 000

2399A		Lovely oldtime collection housed on quadrille album leaves in a Whitfield King album with, as far as we can see, only KGV mint. Some of the better countries inc Cyprus with first wmk to 18pi and second wmk 1924 to 45pi, Rhodesia admiral heads both perf 14 and 15 inc imprints on 4d and 5d, Seychelles 1912 2rps to 5cts and further defins to 1rp 50 on to the 1921/4 well worth investigating, again to the high values, Turks and Caicos to 3/- and lots of interesting war tax o/ps, Samoa with admirals 2/- and 3/-, as well as a few long defins, Palestine inc the key value the 90pr, useful Sarawak, great New Zealand with an extensive study of different perms, Malaya, Transjordan when part of BC to 200mils, lots of British Africa through to Zanzibar. Time does not permit further description, other to say all the colours here are rich, hardly exposed to light and of course unchecked for varieties that were not considered at the time of collecting, many decades ago. It is therefore highly likely that there will be a good number of finds to make on SG 'a' and 'b' numbers. If you spend time viewing properly, you will make many discoveries and probable individual items.	Mostly ★	5 000

2403A		Canada A very substantial holding of thousands of stamps, mint and used, particularly in New Brunswick, Nova Scotia, Newfoundland which is very extensive, similarly the Dominion of Canada from early QV through to the small heads/large heads, the Christmas issue, widow heads to 20 cents, Quebec to 20 cents high value, substantial EDII/KGV...and then the whole accumulation starts again! As before, very strong in classics, here by the hundreds, for the most part chronologically ordered but not precisely. While some have been identified by SG, any prices corresponding to that are way out of date. We have no doubt that this outstanding range - which has the potential for several collections - will catalogue way in excess of the equivalent of 150,000SeK. Condition as to be expected is mixed, however there are some very pleasant surprises, particularly amongst the mint multiples of KGV revenues never hinged etc. Ideal for a dealer to replenish stocks or any collector looking for a big project on BNA. .	★★★/★/☉	5 000

- 2449Av**      **Representing the first and best volume of the eleven offered in this auction in a total of four lots of the red Lindner albums. The first page starts with Ceres heads through to 1 fr carmine x2, as well as 'B' under neck 1852 – this is the start of a parallel mint and used collection. Highlights incl. 2x20 cts unused, as well as superb appearance 15 cts green used yet with a 3 mm tear., both of the 1 fr are three margins and the rest, mostly, are four margined incl. a superb 25 cts and pair of 1852s huge margins. This page alone has a min. cat. of €6000. The second page of Napoleon Empire, perf and imperf types, many four margined incl. a probable MNH (!) 25 cts Mi #14, as well as a 5 cts Mi #11, although this has matted gum and then a four margined 80 cts Mi #16, original gum but probably the least expensive shade Mi #16c, the 'mattrosa'. The min. cat. of this page alone is again well over €6000. The third page has 2x5 fr Napoleons with the usual security thins, as well as unused perf type 1 ct (x2 shades), 2 cts, 4 cts, 20 cts (x2 shades), 30 cts, 40 cts and all of the same used and the Ceres perf Repub Mi #33 to #35 mint/unused. The min. cat. on this page is again well over €6000. Finally in the imperfs, there are the Bordeaux with four margins 1 ct, 2 cts, 4 cts, 30 cts and 80 cts unused, all sound appearance, rich colours + used to the 80 cts with the 30 cts, 40 cts and 80 cts all four margins, the catalogue on this page is €4000+. Then further studies mint and used of the Repub Ceres types of 1871/75 with a good range of unused and used to 80 cts, this page with a min. cat. over €2000 – min. total €24,000++ for the first five pages. Then an extensive range of 'peace and commerce' types much identified by Yvert with values mint and used to 5 fr, just the 'B' under types comes to, yet again, €6000. Then the second type housed in a further six pages, well filled, with at least €4000 on this section alone. Then the postage dues imperfs incl. mint 10 cts x2, both types of the 15 cts, then the 60 cts blue, through to the next three partial sets up to 1935 with most values represented and no doubt a very high cat. here too. Then follows 20th century incl. a good range of Mouchon and Merson types incl., etc key value 2 fr MLH, all part of a well filled parallel mint and used, from this point onwards. This applies, for example, to the first sower definitive and virtually all definitives thereafter with occasional MNH and of course superb used, leading on to the more obvious 1923 Bordeaux M&U, first m/s of 1935 again M&U, (these two alone cat. €4400), the heart of the Strasbourg MNH, the Le Havre M&U, all the sinking funds and if the 1929 types to 20 fr Pont Du Gard are right types as placed, many 1000s of euro here as well. Also seen 1930s 2 PEXIP M&U, the 10fr plane over globe green, the first airmails sets o/ps all parallel mint and used. Also noticed a superb EIPA perf-in used, the 50 fr plane over Paris and the 50 fr banknote, ending with lots of good back of the book, the affranchis, F.M. o/p types, early Postes Paris '1920 – 22' o/ps, etc, etc. We project a catalogue well in excess of €60,000, however the condition in the classics is mixed, as to be expected with some superb present as well. A real opportunity to buy a collector's collection loaded with seldom seen material. A joy to view, much more here to discover, spending time on this is highly recommended.** ★ ★ / ★ / ☉      **40 000**

As far as we can see virtually everything is here for the period in good quality. Some of the highlights include the various WW2 definitives, as well as unlisted 'R.F.' Petain o/p issues, similarly se-tenant strips of the same, again superb MNH and used, good postage dues, as well as further unlisted during WW2. Then the regular issues of France from mid 1945 onwards, nearly everything you would expect again with the used hidden behind the mint, through to the good early sets of the 1950s on to every other decade inc useful 'affranchis', large m/s of the rocket for Philatec, strong in defins and coils as well, as is similarly the case with the postage dues, etc. Just a great collection of this period, spanning 46 years, no doubt a very substantial catalogue. Approx. 13 kg.	★★/★/☉	<b>8 000</b>
<b>2451Db</b>	Outstanding collection mint and used, as far as we can see complete, all housed in four red Lindner albums, with much of the value being from the eurozone dual currency mint with at least 150++ pages of mint euro through to 2008 with about €1000 in this section alone, notwithstanding there will be the same again in parallel superb used. Please note that miniature sheets are also present throughout and the quality again is uniformly superb. It is clear that the new issue cost alone runs into well over €2000. Lovely collection, as far as we can see complete from 1952 with Red Cross pane of 10, the 15f + 5f sculpture from basin of Diana, followed by 1953 onwards through to the early 2000 euro values. What makes this collection a little more special is that also from 1984 onwards, there is parallel both mint and used including definitives in booklet format. There are well over 200 booklets with a very high new issue cost. Perfection throughout, all housed in a red Lindner album, specifically made for purpose.	★★	<b>3 000</b>

<b>2459A</b>	Several 100s of stamps, mint and used, for the most part housed in one album on it quadrille album leaves, completely uncatalogued. The gamut of condition here and it is not presented in alphabetical order and sometimes needs work. Highlights inc NGC with dozens of stamps, very attractive 3 pages with coloured postmarks, straightlines, all denominations, then follows Saxony to the left and right side profiles, again both by the dozens with values to 5ngr, next is Wurttemberg from various imperfs and a subsequent range of definitives, then Hannover shields and profile issues, followed by Baden shields and far more in the coat of arms types, mostly used, again all looking very impressive. Next follows New Brunswick with the running horse both perf and imperf, then Prussia with two dozen or so imperfs, loads of shield issues here, as well as Thurn and Taxis, with many better stamps, virtually all used, other areas inc Bergerdorf through to Hamburg, the German States finally ending with Oldenburg, imperfs Bavaria, etc, etc. There is also a very good German Empire with at least 75+ examples in both categories of dual currencies first issues to research. Much, much more here than described, will clearly catalogue into many 10s of 1000s of euro.	★★/★/☉	<b>4 000</b>

One album with the Hindenburg heads overprints represents Achenheim to Mothorn, the second album of the same type from Muenster through to Zabern/Zillusheim and then the third album with various Hitler heads, ending with various bahnposts. ### Greece – Italy

2556K	Greece Two covers Liberation Propaganda with the provisional E.D.E.S., the Resistance Movement, both signed by General Napoleon Zervas on the 21st September 1944. The printing numbers are extremely low and were personally given to Major Carter, the British Officer who accompanied Zervas for conference talks with General Sir Henry Wilson in Caserta. There are eight stamps all in all, the first cover having the mauve fancy cancel for a liberated Greece, and the second cover, very slightly soiled with a double concentric circle, black pmk of a Greek town, probably Caserta. An exceptionally rare pair, most certainly exhibition status. These are hardly ever seen on the market.	☒	2 000

**2580Av** **Occupation of Malaya The most exquisite mint and used collection of this WW2 Occupation that we have had the pleasure to offer, housed in a large philatelic album with about 1000 stamps or so, all one of a kind. Each Malayan State is represented, as well as the general occupation issues, each section is also accompanied by maps and diagrams to incorporate the Japanese takeover of the various postal services. Beginning with Kedah, a fairly comprehensive range inc 1943 high values, Kelantan with lots of Sunagawa seals, as well as overprints in black and red with much desirable back of the book unlisted, probably revenues. Then Penang with Okugawa seals on the Straits Settlements stamps, similarly with the Uchiburi seals, Dai Nippon etc. Then extensive Perak, followed by Trengganu not only with the Dai Nippon, also the Kanji o/ps and the scarce Trengganu overprints on Straits Settlements, etc, then on Negri Sembilan. Next section is Pahang again with much substance, as well as Perak, followed by Pahang with the red and black o/ps, single chops frame through to the Dai Nippon, Kanji, etc, leading to Selangor inc those issued for general use of 1942, through to the violet and brown o/ps + blocks of 6, as well as used on piece etc of the Exhibition, leading to the revalued overprints on Selangor through to NS with the April 1942 black and red o/ps, chops galore, inc violet and brown overprints, then Malacca with 2 blocks of 4 KGVI 8cts and 50cts in red that would benefit from certificates, on to Johore postage dues, etc. Finally, the general Occupation ending with Straits Settlements, page after page with much completion, as well as good ranges of Japan used in Malaya, the red cross issues and much more. There will be occasional forged o/ps, as to be expected in such a wide ranging collection of the Japanese Occupation, however they will be in the minority and a catalogue on genuine alone will be six figures in Stanley Gibbons. A lifetime's collection by a former police chief in Malaysia, you hardly ever see collections like this on the market today, offered intact as received, an opportunity for the specialist, dealer or collector.** ★★/★/☉ **150 000**

**2581P** **Korea An old time accumulation primarily mint that has not seen the light of day since 1969. It is accompanied by a typewriter inventory that discloses a catalogue value then of 28,345DM. There are also seen miniature sheets. Regrettably, the presentation is somewhat disorderly, as this was sent to us in a box to save postage, when it was originally housed chronologically in a stockbook! However, all the envelopes are with the appropriate catalogue markings identifiers, as well as price of that day, and could be re-assembled in order. A random cross referencing shows occasionally stamps up to 10 or so of each, as listed in the inventory, with useful defins as well as commems including key values. The minimum catalogue value today should be between \$20–30,000+++.** Lots of work here, yet will pay off handsomely for a dealer. **Mostly ★ 10 000**

### Saudi Arabia – Spanish Morocco

<b>2606Av</b>	<b>Saudi Arabia Collection 1916–1934 in album. Remarkable collection from the first Hejaz issues, unframed Hashimite o/ps, zig zags through to the framed issues incl. errors, similarly 1922 types, ending with the postage dues incl. inv. o/p, etc. This sections ends with 1922/1923 with handstamp o/ps and not forgetting the gold o/ps of 1924, again extensive and interesting. Then follows the Jeddah 2 line o/ps, further zig zags on to further postage dues and the 3 line red o/p types, incl. inverted as well as normal, the black o/ps, also present to high values. Similarly so with the blue ops to 10Pi and yet again the 3rd prov and the rectangular control issues with dozens here, looking very impressive. The next section just as good with Nejd, namely the occupation stamps of Hejaz, not just the regular defin o/ps but also the fiscals ad bill stamps, the good railway tax stamps, etc. Finally Ottoman overprint issues Mustahiq black and commemorative handstamp railway issues to 1000PI o/ps, on to 1926 blocks of 4, pans-Islamic conference 1927 types and the Annexation issue again complete on to British Mandate Territory, etc, etc. A wonderful collection, much more than this outline description, with many hardly ever seen issues and much unlisted that will delight the specialist. 2629Av	<b>A remarkable mint and used study of with the difficult Newspaper stamps, well organised and written up in one album, commencing with the 1891 "IMPRIME" overprints, some in black, blue or red with 10pa (8), 20pa (7), 1pi (5), 2pi (3) and 5pi (red ovpt), mostly used (SG cat value (2008) £4000+), then the 1892 Arms and Tughra defins mint (1pi x 5) and duplicated used to 5pi (6) with an excellent range of useful cancellations noted, same design 1892 "IMPRIME" with 10pa (10), 20pa rose (2) and claret (10), 1pi (11), 2pi (9) and 5pi (2) used, some inverted ovpts etc (SG (2008) £12,000+), then 1894 ovpt vals to 2pi (12) and 5pi (2), also 5pi surches in black and in red plus p.dues. Very seldom offered thus, with the IMPRIME overprint issues alone having a cat of £16,000++, highly recommended and a very conservative start price. Mixed quality</b>	Mostly ☉	12 000
2630Av	<b>A very well presented collection in 3 albums of the 1865 to 1892 Duloz design Crescent and Star issues, one album being the mint issues to 5pi with a wonderful range providing various shades and perforations, blocks of 4 and pairs, both Paris and Constantinople printings and with further work to be done separating the different types of Arabic overprints, the 1876 surcharges include a block of 4 of the 5 Pres on 5pi, then a further two albums with the corresponding used issues, also with pairs and blocks, again having shades, perfs and overprint types to work on, but with the additional appeal of the postmarks, ranging from cds's, bilingual types, Arabic cancels both circular and boxed rectangular, negative seals and more, some of which have been identified, but providing a fantastic opportunity to spot furthermore of the elusive Holyland locations. With over 1150 stamps, 2/3rds of which are used, this collection will not disappoint the eagle eyed researcher. . Mixed quality</b>	Mostly ☉	12 000
2631A	<b>A truly wonderful collection of the elusive "back of the book" material, seldom seen as not well listed in the mainstream catalogues, very well written up in one album. It commences with ranges from 1898 Eastern Telegraph Co. 10pa revenue stamps, then duplicated sets of mint and used 1898 Thessaly octagonal Military stamps, the 1866 LiannosConstantinople Local Post labels (a few forgeries identified), with blocks of 8 and of 20 included together with singes, various biseects with overprints and surcharges, and a selection of different Kachak Contraband precancels. There is then an excellent study of the Sehir Local Post overprints FU on a very impressive range of over 200 Duloz "Star and Crescent" issue stamps, also 29 of the very difficult Mount Athos ovpts. A very seldom offered aspect of Ottoman philately. This is highly recommended for the specialist collector or dealer, wishing to broaden their horizons with the unusual. The entire lot is presented at <a href="http://www.philea.se">www.philea.se</a>.</b>	Mostly ☉	8 000
2632A	<b>An excellent study of the Empire issue 1876-1890 Crescent type, with parallel collections both mint and used in two albums, beautifully presented, including both the postage and p.dues, having vals from the 5pa to 5pi in various colours and with a useful range of shades, some on thin paper, with different perforations noted, a few pairs, much interest in the wide range of postmarks with cancels in black and in blue, both Arabic and bilingual cancels which would prove fascinating to study for the various "used in Holyland" locations, negative seal types, boxed cancels, lozenge types and many different cds's, perfect to expand on and to find some hidden gems. There are over 750 stamps with a good 2/3rds being used, the condition of which is generally very good. Mixed quality</b>	★/☉	4 000

**2633Fe** Dealers stock of 20th century, mint and used, sorted on several 100s of stockcards, housed in 5 boxes. No set in great duplication, often a few of each. The mint is virtually all superb MNH and the used all sound. Nearly everything has catalogue numbers and while, strictly speaking, not in absolute chronological order, it is clear that the catalogue potential runs into many 1000s of euro including back of the book. So many different topics here, as well, making it not only suitable for any dealer of the Middle East, also ideal for the thematic collector or dealer. There is much tough to find material here, often ludicrously low in the catalogue. Viewing is a must in order to appreciate the huge potential among the 1000s of sets present. ★★/★/☉ **4 000**

### USA

**2634Av** **Good old fashioned collection with particular strength in the classics from imperf onwards, overwhelmingly used. Highlights include 1857/60/62 defins including various denominations to 30 cts Franklin, as well 15cts Lincoln, 24 cts Washington and similarly 12 cts black with and without grills. Then the 1869 to 30cts, 1870/71 with various denominations to 90 cts Perry, similarly the same 1873 to 90 cts Perry as well as 1879 again to 90 cts Perry, ending with the 90 cts Perry mauve of 1887/88, onto the small 90 cts Perry orange of 1890/1898, making an impressive range although the condition as to be expected is mixed. Then turn of the century defins to \$1 Perry black, similarly to \$2 Madison, etc., the commems are also strong with Columbus to 50 cts, followed by the 1898 Trans-Mississippi Omahas to \$2 complete, leading onto turn of the century commems complete inc. Pan-Ams, Louisiana Purchase, Jamestown, etc. Also noticed in the 20th cent a good range of Washington/Franklin heads, again with various types to \$2, Indian Heads to \$5, etc. Airmails with the first two sets complete, 6/16/24 cents complete and back of the book through to mint eagles high values etc. A collection that gets better and better on each close inspection, all housed in a battered album from the good old days, viewing highly recommended.** Mostly ☉ **15 000**

## Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

A buyer's premium of 25% is added to the hammer price for both domestic and foreign customers (at the pure coin auctions the buyer's premium is 21%). A lot charge of SEK 20 per bought lot is added to the total buyer's premium. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for shipping and insurance are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against an advance invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2% of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive advance invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot, incl. the buyer's premium and lot charge, will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved. Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

## Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avges i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris (förutom på de rena myntauktionerna där köparprovisionen är 21 %). En slagavgift på 20 kr per köpt objekt läggs till köparprovisionen. Allt detta gäller även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall frakt- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 %, objektavgift och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommit innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor. Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
