Preface

Welcome to one of our best stamp auctions in many years with the main section of the sale auctioned both online and in our auction room!

We have saved the best singles and collections from the Contenta (Dag Svinhufvud) estate until this 'quality' sale, hence – together with other nice consignments – offering a very good section Sweden and also the other Nordic Countries. The rest of the world is also well-represented with e.g. the great All World collection (#6643), Bosnia-Herzegovina, GB and Colonies, China including packs of 100 of souvenir sheets, Germany, Turkey and more. The auction is ended by a good section of "bargain boxes" and face value lots (online live only, no floor bidding) where we note e.g. many discount booklet offerings.

Enjoy the auction and the beginning of Summer!

Peter Johansen, Christer Svensson and all coworkers at AB Philea

6625A	An extraordinary range, very complex and scholarly even for the more experienced student of these issues, specifically for the first lion definitives of 1919 to 1929, all housed in 4 volumes with 1000s of stamps with countless varieties, unusual postmarks, lots of multiples, superb imprint blocks of 6 with the month and year of printing to determine the different papers, etc, etc. Much of this is a 'work in progress', as this collector expanded over a 40 year period of serious buying anything he could find. especially material that was different to the norm. It is because of this that while there are many pages of album leaves, there are also many more pages for the multiples housed in large stockcards, often written up accordingly to identify the stamps. Almost an impossible lot to describe as it is so in depth - anybody who is interested in this area of Finnish philately will be absolutely delighted in the breadth and scope of what is here. The heritage of lifelong collecting from three previous owners. The twelve thick Shaubek albums are filled with nice items from 1840 to 1930 and some areas to 1940. Sweden includes an unrepaired 3 sk bco and is complete in this album except for Värnamo 55 and 80 öre. Other Nordic countries are very well filled missing only the most expensive stamps. Europe is well filled with many better stamps especially France is comprehensive. Good section of USA and Canada, some nice China and Japan. French and Portuguese colonies are well represented, British colonies a bit less. South America is extensive with plenty of extra material and scarcer stamps.

The albums are fresh in general except for some small notes, one album have the spine repaired. Quality is mixed with some faults noted, mostly fine or better. This is a solid collection with great potential for expansion. Please see a selection of scans at www.philea.se. (More than 50000 stamps, all countries are apparently represented). | 6684A | <p>States A few 100 stamps, virtually all one of a kind, sometimes with subtle distinctions, written up in an old time Exeter album, all housed on quadrille leaves and good material stuffed to the sides, mint and used. Beginning with New South Wales from laureate heads imperf, various QV side profiles and Gothic 5/- and studies thereafter, looking very interesting for the specialist to research with values up to 5/- map OS o/ps. Then Queensland, Chalon heads from the 1860s through to 5/- and then values to the £1, leading to extensive side profiles that would benefit from research, many interesting postmarks here as well. Then South Australia with O.S. o/ps probably the best, through to Tasmania with half a dozen imperfs with 1d, 2d, 4d and 6d, followed by various perfs of the same with a dozen values to 1/-, subsequent different defin types, pictorials and back of the book inc. postally used fiscal 10/- . Then Victoria with full length and many different early types, somewhat complicated with values to 5/-, with well over a 100 to explore - a challenge for the specialist for watermark and shade varieties, postmarks etc, ending with excellent back of the book with 15 postal fiscal/stamp duty types to £10 and postage dues etc. Finally, Western Australia with dozens of swans and the 1872 issues crown cc with wmk reversed, wmk sideways, and wmk sideways inverted, even sideways, inverted, and reversed all in one, etc! Then 1885/93 types, large swan postal fiscals and other back of the book. A fascinating good old time grandad collection, completely uncatalogued with huge potential for discoveries, enjoy in-depth viewing.</p> | |

6730Lv		If quality is the hallmark of your collecting penny reds, then this outstanding accumulation, housed in five volumes is absolutely recommended. Primarily but by no means exclusively, penny red stars – and there must be about 1000 per book, in the order of 5000 stamps. It is interesting apart from the tip-top quality to consider the methodology of this collector, apart from the quality he sought. From what we can see, it is postmarks, rather than sheet reconstructions – however the expert in this field will no doubt see other different dimensions as well. Such a good old fashioned holding of the line engraved issues is seldom available today, it is offered intact, as received. The catalogue must be in the order £100,000, an average of £20 per stamp, substantially more however for the stars.	⊙	35 000

6907A		A good old fashioned grandfather collection, mint and used, housed in a SG Plymouth album on quadrille leaves with good classics through to back of the book officials, postal fiscals, etc. Highlights include Chalons with a few imperfs with a well balanced cds four margined 6d and 2 distinct shades on the 1/- with and star and NZ watermark, then there are perforated Chalons with 10 to identify from the various different printings, leaving on to the small definitive types with a good range of a few dozen to 1/- etc. Then early 20th century with Mt Cook to 5/- and various different perforation types on to KGV, with an excellent range of mint side profiles with at least 2 dozen of these to investigate and then the same again used, followed by the victory set complete mint, similarly Dunedin etc. Then virtually completion KGV to QEII – then the collection starts again with 19th century lighthouses, extensive perf studies looking very impressive, the long postal fiscals to values to £1, the latter of which is postally used, the arms type with £2, £3 and £4 inc watermark inverted etc, ending with the officials. The collection is completely uncatalogued and has much merit throughout - there is the distinct probability of finds to be made as this was formed many decades ago. Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

A buyer's premium of 25% is added to the hammer price for both domestic and foreign customers (at the pure coin auctions the buyer's premium is 21%). A lot charge of SEK 20 per bought lot is added to the total buyer's premium. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for shipping and insurance are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against an advance invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2% of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive advance invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot, incl. the buyer's premium and lot charge, will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved. Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

Auktionsvillkor

Auktionen är frivillig och sker för inlämnares räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avges i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris (förutom på de rena myntauktionerna där köparprovisionen är 21 %). En slagavgift på 20 kr per köpt objekt läggs till köparprovisionen. Allt detta gäller även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall frakt- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 %, objektavgift och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommits innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor. Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
